The Kearney Ramada Conference Center completed a 2½ million dollar renovation/expansion in 2008. We added the 8800 square foot Paradise Ballroom with 17 foot ceilings and elegant design. The state of the art audio/visual system includes three large screens with the capability to connect to each other along with built-in video projectors. We offer free hi-speed internet throughout our facility. With our new ballroom, we have over 20,000 square feet of banquet/meeting space and seventeen breakout rooms in addition to a spacious pre-function and convention registration space.

Quality meal functions play such an important role in the success of your meetings/conferences/conventions.....our Cajun Chef, Carlos Poche, from New Orleans recognizes that and with food being his passion, he is committed to having every attendee experience flavorful banquet food. Throw into

the mix our 206 guest rooms all with modern duvet bedding; the unique Elephant Eye Bar serving tropical beverages; indoor pool; oversized hot tub; fitness room; and the one-of-a-kind Bourbon Street Bistro & Bar; and a free hot breakfast every morning for hotel guests. Your event will be a positive experience for all!

Please contact our experienced sales staff for any upcoming dates you would like us to check for availability. Our staff is recognized for their friendly, flexible, and fun qualities.
